Supply Chain and Logistics Institute

On Campus/In-Person Supply Chain Day
Organization Flyer

Overview

Supply Chain Day is a career fair and opportunity to meet students specifically interested in the field of supply chain and logistics, to let them know more about your company, and to make them aware of job opportunities within your organization.

Our On Campus/In-Person event will take place Wednesday, January 20, 2027 | 10am-2pm ET on the Georgia Tech main campus at the George Tower.

Student Audience

Our sessions primarily serve graduate and undergraduate students from the Stewart School of Industrial and Systems Engineering (ISyE). The event is also publicized to the larger GT community for students interested in supply chain and logistics opportunities. Attendance typically ranges from 200-250 students (based on past attendance…40% undergraduate students, 35% masters in supply chain engineering students, 20% other masters students, 5% Ph.D. students). For those not familiar with ISyE, please refer to the ISyE Facts and Rankings and ISyE/MS SCE Overview.

Registering and Posting Student Opportunities (Please Read Carefully)

Once your organization has registered for the event through CareerBuzz/Symplicity AND submitted payment, the primary contact listed for your organization will receive instructions on how to share employment opportunities with participating students. We strongly encourage organizations to complete this by January 8th, so we can include that information in the packet provided to attending students on January 13th.

What to Bring
