Supply Chain and Logistics Recruiting at Georgia Tech

Spring 2027 Session | George Tower

Wednesday, January 20, 2027 | 10am-2pm ET

If your organization is interested in attending, drop us a note at **event@scl.gatech.edu** and we be in touch with registration details.

OVERVIEW

Connect with Georgia Tech students who are ready to explore careers in supply chain and logistics. Supply Chain Day gives employers the opportunity to showcase their organization, promote **internships, co-ops, full-time positions, and project opportunities**, and build relationships with students interested in the industry.

STUDENT AUDIENCE

Our sessions primarily serve graduate and undergraduate students from the Stewart School of Industrial and Systems Engineering (ISyE). The event is also publicized to the larger GT community for students interested in supply chain and logistics opportunities. Spring attendance typically ranges from 200-250 students (based on past attendance…40% undergraduate students, 35% masters in supply chain engineering students, 20% other masters students, 5% Ph.D. students). For those not familiar with ISyE, please refer to the ISyE Facts and Rankings and ISyE/MS SCE Overview.

REGISTERING AND PROVIDING STUDENT OPPORTUNITIES (Please Read Carefully)

Once your organization has registered for the event through CareerBuzz/Symplicity AND submitted payment, the primary contact listed for your organization will receive instructions on how to share employment opportunities with participating students. We strongly encourage organizations to complete this by January 8th, so we can include that information in the packet provided to attending students on January 13th.

WHAT TO BRING

- Company table skirt
- Company literature/promotional material
- Smaller pop-up banner or displays
- 2-4 supply chain or HR representatives with name badges to staff your table (5 max)
