

SUPPLY CHAIN AND LOGISTICS APICS CERTIFIED BOOT CAMPS

Are you ready to enhance your career and marketability by earning a Certified Supply Chain Professional (CSCP) or Certified in Logistics, Transportation and Distribution (CLTD) designation?

Our course boot camps will enable you to understand the key points of APICS Learning Systems and will provide you with the necessary tools to effectively manage global supply chain activities.

APICS Certified Supply Chain Professional (CSCP) Boot Camp December 12-14, 2018 | Atlanta, GA

This accelerated boot camp takes a broad view of the field, extending beyond internal operations to encompass all the steps throughout the supply chain – from the supplier to the company and the end consumer – and how to effectively manage integration of these activities to maximize the company's value chain. The CSCP program provides candidates with the necessary tools to effectively manage global supply chain activities and enables them to implement best practice approaches to increase supply chain efficiencies. There will be limited seating for these boot camps.

What you will learn:

- **Benefits of successful supply chain management for your organization**
- **Alignment of supply chain and corporate strategy**
- **Overall strategy planning and its link to process constraints and choices within Global Logistics**
- **Understanding of the strategic importance of purchasing and supply relationships**

APICS Certified in Logistics, Transportation and Distribution (CLTD) Boot Camp December 10-12, 2018 | Atlanta, GA

This accelerated boot camp is designed to cover key learning points of the APICS CLTD Learning System and will help you master the essential knowledge to meet today's supply chain logistics challenges and prepare for the exam. The CLTD designation was created by APICS and a team of subject matter experts and sets the global standard for best practices in logistics, transportation, and distribution.

What you will learn:

- **Essential knowledge needed for the logistics, transportation, and distribution industry**
- **New strategies for your organization**
- **Reduce costs and impact your organization's bottom line**
- **Effective communication techniques to implement across your extended supply chain**
