

INNOVATING FOR A BETTER LIFE IN MOTION

Start your professional journey

Michelin offers many career paths: digital and mobility intelligence, supply chain and logistics, analytics, engineering and more!

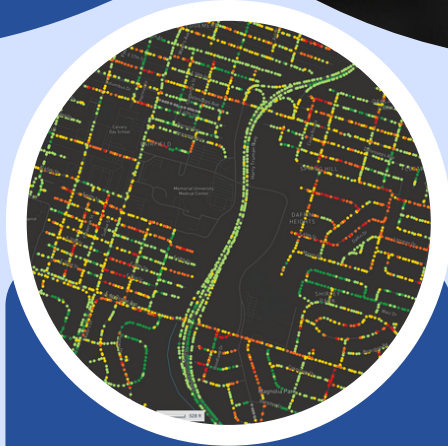

Meet with us when we visit on March 29th

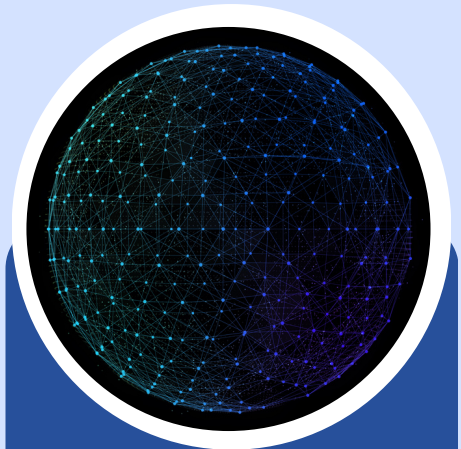

We mobilize our expertise in driving behavior data analysis and in data science to provide actionable insights for better, safer and greener infrastructure.

MICHELIN
MOBILITY INTELLIGENCE

We empower communities to make objective, data-driven decisions about their roads and infrastructure.

 **RoadBotics**
by Michelin

We are committed to the development of safer, cleaner, more accessible and more efficient mobility.
