ISyE and SCL visitors,

We welcome you to the Georgia Tech Campus and hope your visit is a pleasant one. Our campus is very large and can be a bit confusing, so if you are not familiar with the GT campus, you will want to arrive early to give yourself enough time to park and reach your destination on time. Also, please note that a large-scale construction project adjacent to the ISyE Complex will begin 5/8/2019 that will effect traffic/pedestrian patterns as well as parking.

The closest visitor parking to the ISyE Complex is Visitor 3 Public Parking (see below map), which is close to the intersection of Ferst Drive and Regents Drive. Please note that if Visitor 3 Public Parking is full, we suggest trying Visitor 2 Public Parking (Student Center), then Visitor Area 4 (State Street & Ferst Drive), then Area 8 (Tech Square & GT Hotel and Conference Center - involves riding the Tech Trolley to the Campus Recreation Center stop...ISyE is located across the street from the CRC). If your visit will be brief, you have the option of finding a metered space in the immediate vicinity (there are 5 metered spots on Ferst Drive across from Campus Recreation Center – 2 hour limit, 15 minutes = .25, 6 minutes = .10, 3 minutes = .05 -- bring change). Please note that select lots require that you prepay for parking before leaving the lot, so please note any signage when entering a parking area. Other lots let you pay by credit card upon leaving. Parking fees are typically $1.50-$2 per hour.

The SCL suite is part of the ISyE Complex, located in the Groseclose Building and connected by a bridge to the ISyE Main Building.

* Lane restrictions and/or lane shifts will occur along Ferst Drive, impacting all vehicular traffic from 7:00am to 5:00pm, daily. There will be a flagger present to assist with traffic flow.

* Sidewalk closures will be required. Pedestrians will be required to cross at the crosswalks to move past this area, or pass through the Instructional Center quad to avoid the site.

* A new entrance and exit to the W02 parking deck will be constructed to facilitate continued use of the deck. The new configuration of the deck will take effect in the first week of May.

* The bus stop on the east side of Ferst Drive at the Campus Recreation Center will temporarily shift 50 feet to the north while the bus turnaround is reshaped.
